Re: Our grant application No. 955
George B. Weiss, Ph.D.

Dear Wake:

In the Scientific Advisory Board agenda books sent to you last week, you will find the above cited application. The staff here have expressed the hope that you might be prepared to comment at the meeting on Dr. Weiss' application.

If you care to send a written commentary in advance, so much the better. In that event, please just mail the original here, and we would distribute appropriate copies.

To give you full background, enclosed is a kit that was sent to the SAB committee, but excluded from the books. These documents include updating by the applicant, evaluations by two outside consultants, and evaluations by three SAB members.

Thanks and best wishes.

Sincerely,

Fred
